

LA CONFERENZA NAZIONALE IN ITALIA

On December the 13th 2012 the Final Conference of the CIVICO project has been held in Empoli. To the event, organised by ASEV, several teachers, experts on didactics, professors, local cultural association leader and other stakeholders took part.

During the Conference, the coordinator of CIVICO, presented the project starting from the importance of fostering civic competences amongst students in order to build active and awareness European citizens. Than the main achievement and results of the project has been illustrated together with the main project results. Than, the author of the Italian lessons plan, included into the Guide, explained the content of the guide in general, the main topics contained, the idea and the process he followed to complete his work.

The Conferences ended with the distribution of the printed Guide to the participants.
